

Merry Christmas and a happy new year!

As 2009 draws to a close we can look back on this year as a very exciting time for vario-optics ag.

The incorporation of the company in August was certainly a high-point. Equally exciting was the completion of several engineering projects which offer substantial, future business opportunities with the related customers. We completed a host of marketing initiatives to inform our customers about our many electro-optical technology advances this year. In preparation for the increase in activity made possible by the new corporate structure, we have begun major investments in new equipment, processes and products. This commitment to invest is the basis of our promise to our customers to create real and measurable value. It is also the basis for belief in a strong future for our company.

We would like to take the opportunity to thank you for all the support we received during the last year. We wish you and your families all the best in 2010.

Merry Christmas and a happy new year!

Your vario-optics team.
